### Print Shipping Labels with Online Postage

Eliminate trips to the Post Office™ by printing USPS® shipping labels with postage from your desktop. Printing USPS® labels on eBay is free—no fees, no subscription. You simply pay for the postage with your PayPal account and print your labels to your standard or label printer—all in a matter of seconds. Once the label is on the package, you can make a request online to have your Postal carrier delivering your mail pick it up\* at your location.

#### Benefits of Printing Shipping Labels Online

**Pay with PayPal.**

Pay for shipping labels safely and conveniently using your PayPal account.

**Transparent handling fees.**

You may choose to print Postal Service® labels so the postage value doesn't show for domestic services.

**Mistake-free addressing.**

The buyer's address is automatically printed on the shipping label, so you don't have to re-type the address. Also, you can print multiple labels for the same buyer.

**Choose from a variety of services.**

You can print labels with postage online for the following USPS services:

- Priority Mail Express™
- Priority Mail Express™ Flat Rate Envelopes
- Priority Mail®
- Priority Mail Flat Rate™
- Priority Mail Regional Rate™
- First Class Package Service®
- Media Mail®
- Parcel Select Ground®
- First-Class Package International Service®
- Priority Mail Express International™
- Priority Mail International™

**Add insurance online.**

You don't need to fill out extra forms or wait in lines. [Insurance purchased through eBay's online postage](#) covers items up to \$500 for domestic services. And, when you use eBay Labels and ship using a Priority Mail service, you automatically qualify for up to \$100 worth of free insurance coverage. [Learn more about insuring a package.](#)

**Schedule a Package Pickup.**

Prepare your package, complete with postage, then [request a pickup online](#). Your Postal Carrier will pick it up at no charge. You can also request that your package be picked up on specific days. When mailing two or more packages, request a manifest or SCAN form (PS Form 5630).

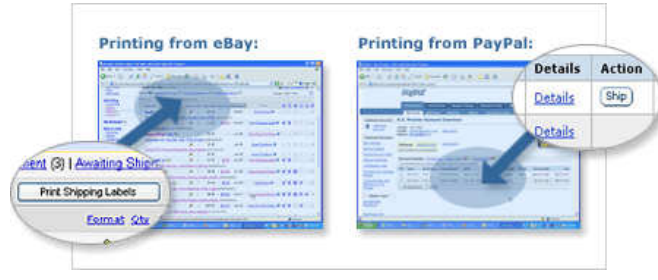

#### How to Print a Label After Your Item Sells

**From My eBay:**

1. Go to the "Items I've Sold" view of My eBay and select each item you'd like to ship. Then select "Print Shipping Labels." You'll be asked to log into PayPal.
2. Choose the service options you'd like to use.
3. Enter the package weight and verify that the "Ship From" and "Ship To" information is correct, then select "Print."
