Calculate Postage Correctly

Save Time By Doing It Right

Make sure you round the weight of your package up to the nearest pound or ounce to avoid underpayment and delaying delivery. For example, if your package weighs 3 lbs 5 oz, it would be charged at the 4 lb-rate. If you have a First-Class Package Service-Retail™ that weighs 7.3 oz, it must be charged at the 8 oz-rate.

Permit Imprints

If you're a large volume mailer, using a permit imprint to make postage payments, you don't have to buy postage in advance, reset your meter, or affix stamps. Simply print postage information in the upper right corner of the mailpiece and only pay for postage when mailings are sent.

Ways to Pay for Postage

USPS® Share Mail™ Options

Encourage "word of mouth" recommendations through direct mail. Send customers Single-Piece First-Class Mail® cards or letters with prepaid postage to forward to friends or associates. Because Share Mail pays the advanced postage, your customers can address your note and drop it in the mailbox.
